BUSINESS NEWS FAVORABLE READJUSTMENT IS INVOLVED

the War.

NEW YORK, October 14 .- Does Wall surrent of caution pervaded today's street desire peace or war? Many peostock market operations, the two-hour ple are attempting to answer this ques ession being attended by considerable tion by the action of the stock market in recent weeks, and to argue that be true of the leaders, United States Steel cause stock prices declined simultane howing decided restraint with allied ously with the promulgation of peace industrials. Bethlehem Steel yielded 8 rumors, Wall street desires a continua ints, with 1 to 3 for Republic Iron tion of the war in order to benefi and Steel, Colorado Fuel, Industrial Al- financially from the fearful carnage cohol, New York Airbrake and some of which is devastating Europe. Many astute observers of market condition have confessed their inability to acthe strength of shipping stocks, es-pecially Atlantic. Gulf and West Indies, ment which in a few minutes swept away the prices of leading securities which made an extreme addition of alrows to points to yesterday's more substantial advance. Gas shares were again active and higher, though lesing much of their advantage in the later dealings.

Rails were strong at the outset, but sagged in the greater activity of the last hour, when profit taking proved more or less effective. Total sales of stocks amounted to 455,000 shares.

Trade Demand Broadens.

The usual weekly budget of general recognitions are stronged than the profit of the torpedges from the German U boats which were playing such haves to merchant shipping at the very gateways of the United States.

Wild Day on Change.

Wild Day on 'Change.

Monday morning's session was the tinuance of extraordinary activity and a broadening of demand for the coming year. Further advices from steel centers indicated more price advances before the end of the month.

Coppers failed to respond to reports of additional foreign orders for delivery early in 1917 at not less than 28 cents a pound. Representatives of the big producing companies could not confirm these reports.

An actual cash loss of about \$20.600,000 was the most noteworthy feature of the weekly bank statement, loans, however, contracting by \$17.600,000, and reserves by \$13,640,000, reducing the excess reserves to about \$69,000,000, the smallest total since the mid-year. Bonds also developed an easiler trend on light demand; total sales (par value), \$2,260,000.

United States and Panama bonds advanced \(\frac{1}{2} \) to \(\frac{3}{2} \) of 1 per cent on call during the week.

Striking Change in Sentiment.

The abnormal activity of the previous five weeks lost little of its force in the week ending today, but sentiment, speculative and otherwise, experienced a pronounced change, this being denoted in the shrinkage of quoted values. Extreme recessions in leading stocks ran from 5 to 10 points, and in the less stable issues greater losses were sustained, with partial recoveries later.

Many attenuated bull accounts were closed out in the frenzied trading of Monday, when Wall street received its first news of the extension of Gerwildest and most exciting since the memorable May 9, 1901, when Northern

an avalanche of falling prices. Brokers the end of the region of additional foreign orders and see a pound. Representatives of the sections of the exchange at high producing companies could not contain a pound. Representatives of the sections of the exchange at high producing companies could not contain the producing orders and the producing companies could not contain the producing the excess reserves to about \$250.

An actual cash loss of about \$250.

An a

Trade When Peace Comes.

It is certain that after the war Europe, though she may still want a great many of our goods, will want different things on different terms. But whereas in war her wants were imperative, regardless of price, in time of peace she will be able to benefit by DRY GOODS MARKET.

DRY GOODS MARKET.

DRY GOODS MARKET.

NEW YORK, October 14.—Cotton goods and yarns were firm today. Knit goods were active and burlaps were firmer and active. Linens were in steady demand. Silks were quieter.

NEW ORLEANS.

NEW ORLEANS. October 14.-Trading

COTTON MARKETS.

NEW YORK.

NEW ORLEANS. October 14.—Trading was small in volume and confined chierly to evening up over Sunday, while fluctuations were narrow, on the local cotton market today. The tone was steady, bullish features in the September mill statistics from the census bureau and the rise of 21 points in spot quotations being the sustaining influences. In the early trading prices advanced 10 points, after which they fell off under realizing sales until the most active months were 1 to 2 points under yesterday's final figures. The close was a net gain of 3 to 6 points.

While consumption of cotton among domestic mills compared more than favorably with consumption during September last year, and while the number of active spindles broke all records, there was some disappointment manifested because consumption showed a small falling off compared to August. This held fresh buying down to small proportions.

Weather conditions over the belt were considered favorable, except for the rains in Texas and Oklahoma. The approach of the hurricane reported in the Caribbean to the Guif of Mexico was considered as portending unfavorable possibilities.

WEEK'S CHANGES IN GRAINS.

ered as portending unfavorable possibil

Severe Decline of Monday Is Wiped Out Before Opening Yesterday.

CHICAGO, October 14 .- Submarine hostilities have taken first place in the attention of the wheat trade, and have caused prices during the last week to average decidedly lower. However, all but 1 cent to 1½ cent of the severe decline which took place on Monday had been wiped out when the market nad been without opened this morning.

Before the U-52 began her exploits on this side of the Atlantic wheat prices the ungrade. Peace were plainly on the upgrade. Peace rumors had been denied and the Ar-

the selling which depressed the whota market was ascribed to a prominent trader here who has recently figured as a leading bull. Congestion of transportation on eastern roads, especially at Buffalo, did a good deal to handicap the bull side of the market, and so, too, did signs of an enlargement of the United States visible supply total on Monday.

Corn eased off with wheat. Export corn sales of 610,000 bushels, however, prevented any radical setback. Big receipts weakened oats. The total for the week was more than double the amount at the corresponding time last year.

Provisions averaged lower with hogs, and the market as a whole % off to % ments. Nevertheless, October lard remained strong and scored a small advance.

LIVE STOCK MARKETS.

America.

Price changes in coarse grains have been relatively small, corn gaining a little and oats falling off. Provisions have ranged moderately higher, with lard yesterday touching the topmost point for many years.

Economy.

"Pop, what do we mean by economy?"
"Spending money in such a way as not to get any fun out of it, my son."

at the Office of The Evening Star.

HEADS NAVAL INSTITUTE.

Rear Admiral Bradley A. Fiske Elected President of Body. al Dispatch to The Star.

ANNAPOLIS, Md., October 14 .- At a neeting of the United States Naval Institute, an organization composed of American naval officers all over the world, the following officers were elected for the year ending October, 1917: President, Rear Admiral Bradley A. Fiske; secretary and treasurer, Lieut. Commander John W. Greenslade; board of control, Chief Constructor D. W. Taylor, Col. J. A. Le Jeune, U. S. M. C .: Capt. Louis M. Nulton, Commander Wat T. Cluverius, Lieut. Commander John Halligan and Lieut. Byron M. Candles. The board of control has decdied to publish the proceedings of the institute monthly instead of bi-monthly after January 1, 1917.

It pays to read the want columns of The Star. Hundreds of situations are filled through them.
